DESIGN FURNITURE

NEWPORT OTTOMAN

The Newport offers a snug, stylish and sophisticated approach to modular seating. Its chunky shape and careful construction prove pleasing on the eye and even more on the body. With its clear-cut European lines, compact footprint and flange detailing the couch can easily fit into a range of décor styles. The quality of comfort is considerable also. Here the mid-back height will support the shoulders without the design overpowering the room. The high quality foams provide firm support and the enticement to stretch out and slip into hours of serene relaxation.
