ROX OTTOMAN

In a world of staid ottomans, the Rox stands out with its winning personality and helpful adaptability. Offering a low profile and the intriguing natural texture, it's an ottoman that has the fun along with the function. And that's what we think is so important. Because, yes, it's ok to occasionally sit quietly on the sideline. But sometimes it's more important to be a little boulder.

DIMENSIONS (CM)	WIDTH	DEPTH	HEIGHT
