

HERBIE SWIVEL CHAIR

Designed and MADE RIGHT HERE, Herbie is proof that big personality can come in a small footprint. Created with compact spaces in mind, this swivel chair is the perfect fit for both residential and commercial settings where versatility, comfort, and style are a must.

Despite its dinky proportions, Herbie delivers on comfort and support, thanks to careful ergonomic consideration. The gentle swivel motion adds a touch of sophistication and playfulness.

Showcasing solid beech details on the arm fronts and swivel base, the timber can be stained to suit any interior palette, ensuring Herbie feels right at home wherever it lands.
